## Choose the appropriate answer to complete each of the following statements:

1- The …… Device are used to discover coins under the ground

a- satellite b- ground positioning system (GPS)

c- drone d- ground penetrating radar

2-The ……depends on satellites to determine the places of things

a- magnetometer b- ground penetrating radar

c-drone d- ground positioning system (GPS)

3-You can take photos by using ……..

a- magnetometer b- ground positioning system (GPS)

c- ground penetrating radar d-drone

4- You can use …… to discover magnetic things buried under the ground

a- ground penetrating radar b- satellite

c- drone d- magnetometer

5- Ground positioning system (GPS) depends on …….. to determine places and locations

a- magnetometer b- ground penetrating radar

c- drone d- satellite

6-You can use …… to determine things under the ground

a- drone b- photography

c- ground positioning system (GPS) d- ground penetrating radar

7- The ground positioning system (GPS) depend on …….. to determine places and locations

a- magnetometer b- ground penetrating radar

c- drone d- satellite

8-The archaeologists depend on …… to search for metals under the ground

a- drone b- photography

c-ground positioning system (GPS) d –magnetometer

9- …… Is used to output sounds from the computer

a- speech synthesizer b- microphone

c- keyboard d- printer

10- The …….. is used to display data, photos and videos

a- screen b- sound

c-keyboard d- printer

11-……. Is from input units

a- microphone b- speech synthesizer

c- screen d- printer

12- The …….. is used to help nonverbal people to use computer

a- speech synthesizer b- microphone

c- speaker d- printer

13-…….. help blind people to use the computer

a- braille terminal b- mouse

c- keyboard d- printer

14- The …… is used to enter text and photos from paper to computer

a- scanner b- microphone

c- mouse d- printer

15- The keyboard is used to enter …….. to the computer

a- letters and numbers  b- images

c- sound  d- videos

16- …… allows blind people to use the computer

a- braille terminal  b- mouse

c- keyboard  d- printer

17- The …….. receive data from the operating system

a- keyboard  b- central processing unit (CPU)

c- screen  d- word program

18- The…….. is consider one of the operating system

a- Google  b- windows

c-power point  d- word

19-…… program is used to type and format text and insert photos

a- Google chrome  b- Word

c- Windows  d-Power point

20-……. is from the essential programs to run the computer

a- Google chrome  b- operating system

c- Microsoft word  d- power point

21-The central processing unit (CPU) is used to process ……

a- keyboard  b- data

c- screen  d- mouse

22-The operating system receive …… from central processing unit (CPU) then display them on screen

a- keyboard b- information

c- mouse d- printer

23- The …….. application is one of the programs that used to browse the internet

a- Windows b- Google chrome

c- Power point d- Word

24- ……is from the computer component that responsible to control data and process them

a- keyboard b- central processing unit (CPU)

c- operating system d- word program

25-The …….. receive data from the operating system

a- keyboard b- central processing unit (CPU)

c- screen d- word program

26-The…….. is consider one of the operating system

a- Google b- windows

c-power point d- word

27-……. program is used to type and format text and insert photos

a- Google chrome b- Word

c- Windows d-Power point

28-…… is from the essential programs to run the computer

a- Google chrome **b- operating system**

c- Microsoft word d- power point

29- The central processing unit (CPU) is used to process ……

a- keyboard b- data

c- screen **d- mouse**

30- The operating system receive …… from central processing unit (CPU) then display them on screen

a- keyboard **b- information**

c- mouse d- printer

31- The …… application is one of the programs that used to browse the internet

a- Windows **b- Google chrome**

c- Power point d- Word

32-……is from the computer component that responsible to control data and process them

a- keyboard **b- central processing unit (CPU)**

c- operating system d- word program

33- To solve the problem of screen freeze ( don't display information) press …… together

**a- Alt +Ctrl +Del** b- Alt + Shift

c- Alt +F8 d- Del + F10

34 To solve the problem that keyboard isn't type ……..

a- make sure to connect printer

b- connect hearing aids

c- change the mouse

d- make sure to connect keyboard cable

35- The magnetometer depend on ……to discover objects buried under the ground

a- ground penetrating radar (GPR) b- satellite

c- drone d- magnetometer

2- Which of the following programs is better in represent data by charts ….

a- Power point b- Paint
